Gallery: Cornelia Haynes

Consent items:

1. Approve June 2024 financials and minutes
 - a. Debit \$25,000 is due to transfer of first payment being made for the field. The other charges are chalk lines, rake, dispenser for chalk. There's two checks there are expenditures for ballfield.
 - i. Bobbett Elliot makes motion to accept consent items, James Hardin seconds, passes unanimously

Old Business:

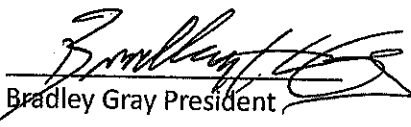

1. Bee line states as of July 1st he's completed replace to front door and side light. The landscape project is still delayed on the down spout repair and shrubs to get in. The awning is delayed waiting for supplies to come in.
2. Banner, we approved last month some are up already. The budget was \$2k, found company that provided banner and hardware which saved about \$60. Seven banners cost \$374.40 total spent. Bradley Gray thought the ladder was a good idea; after getting up sixteen feet it was too dangerous. Had to rent a lift and lesson learned. \$375.69 to rent the lift. We will use the backhoe from now on to get the banners up in future \$1299.91 is left over from original budget. Ballfield update: foul poles are up, they got scratched but being repaired, concession is framed, bleachers together, wind screen, padding behind home plate completed. Team benches and temp fencing still need to be done. We are about halfway through the project. Contractor thinks he will be done August 1. Once the field is completed the plan is to rededicate the field to Mr. Peavey; two teams from Malakoff are going to come play to break in the field.

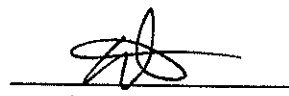

Cornelia Haynes asked about the lights on the ballfield? There is no new update on anyone to put lights up. We talked to the school about what they can help with.

August 6, 2024, 6 pm next meeting
